POZDRAVNA REČ WELCOME SPEECH

Upućujući pozdrave i želeći svima dobrodošlicu ističem to što Fudbalski savez Beograda ima veliku čast da, zajedno sa Fudbalskim savezom Srbije, organizuje prvi memorijalni turnir „Miljan Miljanić“. Posebno zadovoljstvo mi je što mogu da pozdravim goste iz Italije, Španije, Crne Gore i naše nade iz reprezentacije Srbije. Kao organizatori, potrudićemo se da predstojeće nadmetanje mladih fudbalera protekne tako da se svi oni uvek rado sećaju boravka u fudbalskom Beogradu i nadamo se pozitivne utiske prenesu u svoje sredine.

Organizujući Memorijal „Miljan Miljanić“ trudili smo se da svi njegovi učesnici imaju ravnopravne takmičarske i sve druge uslove. Fudbalski savez Beograda je uložio maksimalni napor da još jednom demonstrira sposobnost za uspešnu organizaciju ovakvih događaja. Obaveza nam je time veća jer je ovo turnir posvećen veličini kakva je bio Miljan Miljanić, čovek koji je u fudbalu ostavio dubok trag. Svojim dolaskom na ovaj prvi memorijal posvećen svetskoj trenerskoj veličini fudbalske federacije Italije, Španije i Crne Gore iskazale su veliko poštovanje prema Miljanu Miljaniću.

Fudbalski klub „Čukarički“ bezrezervno je prihvatio učešće u ovom projektu i učinio veliki napor da ovaj turnir dobije visok evropski nivo. I Fudbalski savez Srbije sa svojim dobro poznatim resursima koji dolaze do izražaja u ovakvim prilikama potvrdio je da ima ogromne organizacione potencijale. Hvala i mnogobrojnim srpskim i beogradskim medijima koji su ispoštovali ovo takmičenje i svima onima koji će doći da prate njegove utakmice, jer se na taj način čuva uspomena na našeg Miljana koji je bio i ostao sinonim fudbala u celom svetu – što i jeste smisao organizacije ovog Memorijala.

Zbog toga želim da se pre svega dobro osećate u Beogradu, a zatim i da ostvarite što bolje rezultate u borbi za najboljeg na ovom prvom izdanju memorijala „Miljan Miljanić“.

Poštujte fer plej i prijateljstvo, a najbolji neka se raduje pobedi!

Ratimir Babić
Predsednik Organizacionog odbora turnira

VELIKI TRENUTAK SVETSKOG FUDBALA A GREAT MOMENT OF WORLD FOOTBALL

Osvanuće informacija o Memorijalnom turniru „Miljan Miljanic“ širom naše fudbalske planete. Nema sumnje da će time biti otvorena nova stranica u razvoju najpopularnijeg sporta naše civilizacije. Jednostavno, ne može biti drugačije, jer u sećanju na grandiozno sportsko delo Miljana Miljanica – ne može biti drugačije.

Predsednik FIFA, gospodin Jozef Sep Blater nominovao je, u martu 2002, Miljana Miljanica za odlikovanje „Orden za zasluge“, koje dodeljuje Svetska fudbalska organizacija najistaknutijim ličnostima u istorijatu fudbalskog sporta. Ovako je prvi čovek svetskog fudbala obrazložio nominaciju Miljana Miljanica: „U poslednje četiri decenije Miljan je uradio mnogo za fudbal celog sveta i kao igrač, i kao trener i nacionalni selektor, i kao funkcioner“.

Miljanicu je Orden uručen na Kongresu FIFA 29. maja iste godine u Seulu. Tako će se čovek, čije ime nosi ovaj Trofej, naći u rame svetskim fudbalskim velikanima kao što su ser Stenli Raus, dr Žoao Avelanz, ser Bobi Čarlton, Dino Zof, Edson Arantes do Nascimento Pele, Lav Jašin...

Retki su ljudi koji svim bićem pripadnu fudbalskom sportu. Srećom, ima ih. Jedan od takvih, nezaboravnih, je i čovek oko čijeg imena i dela se na ovom turniru okupio mlad fudbalski svet. Latinska sekvenca „Per aspera ad astra“ biće transparent nad njegovim ni malo lakom detinjstvu i dečastvu. Geometarska porodica, po pravilu skromna, potiče iz Banjana u blizini Nikšića, u Crnoj Gori. Rodio se u Bitolju, u Makedoniji, a onda ga je život, kao dete, bacio u more izbeglica. Dvanaest noći i dva dana više, izbeglički voz iz bitoljske železničke stanice, sastavljen od furgona za prevoz robe a ne od putničkih vagona, putovao je od Bitolja do Stalaca. Prihvat dobrih ljudi potrajao je nedelju dana, a onda su Miljanici – majka, otac i dve starije sestre, dobili nov putokaz: Čuprija nekoliko dana, pa Jagodina, i konačno Kragujevac. Tamo će se on prvo sastati sa vihorom Drugog svetskog rata. Kao trinaestogodišnjak jedna-ko će se boriti za snabdevanje porodice nekim osnovnim

The information about the Memorial Tournament “Miljan Miljanic” will appear around our football planet. There is no doubt that this will open a new page in the development of our civilization's most popular sport. Simply, it can not be different, because the memory of the great sports achievement of Miljan Miljanic - can not be different.

FIFA President, Mr. Joseph Sepp Blatter nominated Miljan Miljanic in March 2002, for the medal “Order of Merit” awarded by the world football organization to the most prominent persons in the history of the sport of football. Thus the first man of world football explained the nomination of Miljan Miljanic: “In the last four decades Miljan has done a lot of football around the world, both as a player and as a coach and National Team Head Coach, and as an official.”

Miljan Miljanic was awarded in the FIFA congress on 29 May of the same year in Seoul. This will provide to the man whose name this trophy has, to find himself alongside the international football greats such as Sir Stanley Rous, Dr Joao Havelange, Sir Bobby Charlton, Dino Zoff, Edson Arantes do Nascimento Pele, Lev Yashin ...

There are few people who belong totally to football. Fortunately, there are. One of these persons, unforgettable, is a man about whose name and deeds gathered young football world population. Latin quote “Per aspera ad astra” will be a banner over his childhood and boyhood which was not easy at all. A surveyor family, typically modest, comes from Bunjani near Niksic, Montenegro. He was born in Bitola, FYR Macedonia, and then the life threw him in a sea of refugees. Twelve nights and two days more, a refugee train from Bitola railway station, composed of vans for transporting goods rather than a passenger train, was traveling from Bitola to Stalac. The acceptance of good people lasted a week, and then Family Miljanic - mother, father and two older sisters, got a new sign: Čuprija for few days, then Jagodina and finally Kragujevac. He will there have an encounter with the World War II. As a thirteen years old boy he will fight to supply the family with some basic food, as well as the spontaneous role as a messenger to tell who will join the resistance of the Serbian people against fascism. The country will award him with a Medal for bravery for his boyish consciousness. But, there also will be the time to meet with the ball. After Kragujevac, Belgrade, the modest salary of his father who was a surveyor, and the 2nd Male High School, in a way a treasure trove of future players. With his classmates, thanks to an exceptional football lover Mr Mitke, an important man in the biography of Miljan Miljanic, an unfed boy will be found in the FC Red Star. He will struggle in training sessions for the place in the first junior team of

životnim namirnicama, kao i sa spontanom ulogom tako reći kurira koji će se priključiti otporu srpskog naroda protiv fašizma. Država će ga za dečačku svest nagraditi Odomen za hrabrost. Ali, biće vremena da se sastane i s loptom. Posle Kragujevca Beograd, očeva skromna geometarska plata, i Druga muška gimnazija, na neki način riznica budućih fudbalera. Sa školskim drugarima, zahvaljujući izuzetnom fudbalskom zaljubljeniku čika-Mitketu, značajnom čoveku u biografiji Miljana Miljanića, nehranjeni dečak naći će se u Crvenoj zvezdi. Sam će se na treninzima izboriti za mesto u prvom juniorskom timu pedesetih, kada je Crvena zvezda već stekla veliku popularnost. Odigraće malo docnije i sedamdesetak utakmica za prvi tim, ali sve će biti prekinuto jednog dana kada se sa utakmice na Karaburmi vratio kući duboko razočaran.

Morao je majci da objasni o čemu se radi. „Vidim da te svi grde, šta si to uradio“, pitala ga je. Priznao je: „Nisam dao gol iz penala“, odgovorio je. „A je li te ko ometao pa si promašio?“ „Nije, mama.“ „E, onda batali tu loptu“.

Miljan je poslušao majku. Bio je vredan za trojicu, i pošto je u klubu imao velike trenere i velike ljude, zainteresovao se za učenje trenerskog posla. Dr Aleksandar Obradović, jedan od tvoraca moderne Crvene zvezde, i kao kluba i kao tima, prepoznao je u Miljanu mladića se velikom perspektivom. Postavio ga je za sekretara Stručnog kolegijuma kluba. Upoznao je Miljan celokupnu stručnu mašineriju velikog kluba. Kad se približavalo leto 1958. kazao je doktoru Aci da bi voleo da ide u Švedsku, na Svetsko prvenstvo. „Legitimacija“ mu nije bila dovoljna – trenirao je i selektirao pionire. Doktor mu je rekao da može da ide ukoliko ima para. Miljan je skrpio novac za put, konzerviranu hranu za tri nedelje, a za spavanje se snalazio. Najveći srpski list „Politika“ ga je angažovao za izveštača sa Svetskog prvenstva. Našoj javnosti je predstavio osamnaestogodišnjeg Pelea, ali i sebe. Po povratku je pojačao rad sa mladima u klubu i istakao se u Fudbalskom savezu kao saradnik u selekciji mladih reprezentativaca. „Primorao“ je ljude iz vrha fudbala da ga uključe u selektorsku komisiju glavne reprezentacije uz Tirnanića, Antolkovića i Gegića.

Dakle, prvo selektor, a onda je u leto 1966. odjeknula prvorazredna „bomba“ – Miljan Miljanić je postavljen za trenera Crvene zvezde umesto Rajka Mitića i Miše Pavića. Crvena zvezda je imala viziju za buduće vreme i čvrsto je stajala iza Miljana. Bes navijača bio je veliki zbog senzacionalne smene trenera. Silazili su na teren i cepali mreže. Prve godine – peto mesto! Ali, već u tri sledeće sezone – tri titule prvaka! Još jednu je osvojio u sezoni 1973/74. U Kupu Jugoslavije tri pobeđe. Ukupno 7 trofeja, Zvezdin tim od igrača iz Omladinskog pogona, i sa samo dva pojačanja iz klubova Prve lige, izveo je veliku dominaciju u

the 50's, when the FC Red Star has already gained huge popularity. He will play a little bit later seventy matches for the first team, but everything will be stopped one day when returned homw deeply disappointed from the match played at Karaburma.

He had to explain to his mother what it is about. "I see everybody scolds you, what did you do?" she asked him. He admitted: "I have not scored a goal from a penalty kick", he said. "Was there anyone to interfere you and you missed?" "No, Mom." "Well, then Forget about the ball."

Miljan obeyed his mother. He was a hard worker, for three persons, and since he had great coaches and great people in the club, he became interested in learning the coaching job. Dr. Aleksandar Obradovic, one of the creators of the modern FC Red Star, both as a club and as a team, recognized in Miljan a young man with great prospects. He appointed Miljan to be the Secretary of the Expert Board of the Club. Miljan met the entire professional machinery of the big club. When the summer of 1958 was approaching, he said to Dr. Aca that he would like to go to Sweden for the World Cup. The "ID" was not enough to him - he trained and selected one youth team. The doctor told him that he can go if he has money. Miljan managed somehow to get the money for the trip, the food in cans for three weeks, and he managed to find a place for sleep. The biggest Serbian newspaper "Politika" has hired him as a reporter from the World Cup. He presented to our public the 18 years old Pele, and also he presented himself. On his return. he intensified the work with young people at the club and he did a remarkable job for the Football Association as an associate in the selection of the youth National team. "He forced" the management of the football world to be joined in the Panel of Head Coaches of the "A" National Team alongside Tirnanić, Antolković and Gegić.

Therefore, first as a Head Coach, and then in the summer of 1966. there was a first rate "bomb" - Miljan Miljanic was appointed the coach of FC Red Star instead of Rajko Mitic and Misa Pavic. FC Red Star had a vision for the future time and it stood firmly behind Miljan. The rage of the fans was big due to the sensational coach replacement. They were coming down on the pitch and they were chopping the goal nets. The first year - fifth place! But, in next three seasons - three Championship titles! He won another title in the season 1973/74. The Yugoslav Cup, three wins. The total number of trophies reached 7 and the FC Red Star team was made of players from the youth team, and with only two players that arrived from the clubs of the First Division, ha had a major dominance in the Yugoslav football, and he gave during this period 19 players to be the players of the "A" National Team.

VELIKI TRENUTAK SVETSKOG FUDBALA A GREAT MOMENT OF WORLD FOOTBALL

jugoslovenskom fudbalu, i dao je u tom periodu 19 državnih reprezentativaca.

Postavljen je za selektora reprezentacije 1973/74 (odveo reprezentaciju na Svetsko prvenstvo u Nemačkoj) a u trogodišnjem mandatu u sezoni 1979 – 82. plasirao je jugoslovenski tim na Svetsko prvenstvo u Španiji.

U međuvremenu, odmah po završetku Mundijala u Španiji, otišao je u Real Madrid. Kao prvi inostrani trener u najvećem klubu na svetu zamenio je Migela Munjoza. U Madridu je osvojio „duplu krunu“ još u prvoj sezoni i Kup Kralja u drugoj. Fudbalska Španija ga je dočekala 1982. kao fudbalsku ličnost prve vrste. Ali, taj španski Mundijal teško će raniti njegovu ličnost. Posle nezaslužnog poraza od domaće „furije“, drvlje i kamenje bacano je na Miljana Miljanića, zato što je posle kardinalne greške danskog sudije Sorensena, koji je dosudio nepostojeći penaltik za špansku reprezentaciju, dao sledeću izjavu: „Greška je sastavni deo fudbala“.

Fudbal bez Miljanića bio je nezamisliv. Izabran je za predsednika Fudbalskog saveza, gde je, kao i u intenzivnoj stručnoj saradnji sa Svetskom fudbalskom federacijom, pokazao kolosalan uspeh. Dodeljeno mu je da edukuje fudbalske trenere na svim kontinentima. Tek je stručni fudbalski svet tada saznao da je „totalni fudbal“ njegovo delo, s tim što su ga sproveli Holandanci. To je rekao Johan Krojff kao trener Barcelone na zajedničkoj konferenciji za novinare sa trenerom Real Madrida Miljanićem.

Na sahrani Miljana Miljanića, 13 januara 2002. godine, Beograd je ovim tužnim povodom bio fudbalska prestonica sveta. Toliko najistaknutijih ličnosti sa svih nekadašnjih jugoslovenskih prostora, iz Crvene zvezde i Real Madrida, kao i iz UEFA i FIFA, događaj je kao večno svedočanstvo o ulozi njegovoj u „fudbalu sveta“, kako je istakao dr Jozef Sep Blater.

Eto, u slavu velikog Miljana odvija se ovaj Trofej, a datume beogradskog skupa pamtiće tokom cele karijere igrači i treneri koji su na njemu. Fudbalski savez Beograda je agilna organizacija, i nije daleko dan kada će ovaj turnir da preraste u najznačajniji fudbalski samit budućih asova, ne samo u Srbiji i Evropi.

Dobrivoje Janković, sportski novinar i publicista

He was appointed the Head Coach of the National Team 1973/74 (He took the National Team to the World Cup in Germany) and within the three-years term in the season 1979–82 the Yugoslav National Team qualified for the World Cup in Spain.

Meanwhile, and immediately after the World Cup in Spain, he signed for Real Madrid. He replaced Miguel Munoz, as a first foreign coach in the biggest club in the world. In Madrid, he won the “double crown” in the first season and the Spanish National Cup. Copa Del Rey in the second season. Football Spain received him in 1982 as a football personality of the first class. But the World Cup in Spain will deeply hurt his personality. After the undeserved defeat against the home “Furia”, so many critics were thrown at Miljan Miljanic, because after the fundamental error of the Danish Referee Sorensen, who awarded a nonexistent penalty for Spanish national team, he made the following statement: “The error is an integral part of football.”

The Football without Miljanic was unthinkable. He was elected the president of the Football Association, where, as well as in an intensive professional co-operation with the World Football Federation, showed a superb success. He was assigned to educate the football coaches on all continents. The professional football world learned only then that the “total football” was his master-piece, and the Dutch team conducted it. Johan Cruyff said that as coach of FC Barcelona during a joint news conference with Real Madrid coach Miljanic.

At the funeral of Miljan Miljanic, 17th of January 2012, the City of Belgrade, in this sad occasion was the football capital of the world. So many prominent personalities from all former Yugoslav countries, from FC Red Star and Real Madrid as well as from UEFA and FIFA, the event is as an eternal testimony about his role in the “Football of the World” as pointed out by Dr. Joseph Sepp Blatter.

Therefore, in the glory of the great Miljan, this tournament takes place and the dates of the Belgrade meeting will be remembered during their entire career by players and coaches who will participate in it. The Football Association of Belgrade is an agile organization, and the day when this tournament will become the most important football summit of future football stars, not only in Serbia and Europe is not far.
